

Truro November 25 64

Dear husband i take this
opportunity of dropping a
few lines to you in answer
to one that i received over
a week ago i would have
written sooner but father
wrote to you last Sabbath
so i thought i would wait
a few days we are all well
and in as good spirits as could
be expected under the present
circumstances and hope this
may find you the same
i suppose you have heard
that Dan and Filena
had parted he wanted to
take one of the children
But fi would not give it
up he went to Gabra and
wrote to her to come
to him she went and
they have rented

Sarah McLeays parimpon
5 years and then Bilena
Come Back to get there
things Dan would not
come himself she is
going to start away with
her things Monday I
suppose Dan was afraid
to come as father told
not to come back again
I will be glad when they
do get away for we get
a long so well when they
away John and Jimmie
talk of starting to
Ranches in the spring
I hope you will get
home against they
start if not before
Will Daff and wife
were at fathers last
Sunday they want me
to go and stay with

them a while they
have bought them
a farm close to where
they live they pay 8
thousand dollars for
it I guess I will about
the holidays and help
them more I cant go before
for Martha is at Oak Hill
and I have the work to
do at home mother and
I get a long very well it
keeps me busy But perhaps
it is better for as I do
not get so much time
to grieve after you I have
been looking for you home
But I feel discouraged now
as you are not going to
get a pullover and I am
a paid you will not
get home till your time
is out I want you to write
every week for when

you dont i get the
Blue. Your letters is
all that keeps me up
Laura often speaks of
you when even i go to
whip pen she says she will
tell her pa i will close
for the present as it is
getting late hoping to hear
from you soon from
your affectionate
